- Foam Accent Pieces
- Beads
- Plastic Cord
- Glue
- Tablecloth

AGE GROUP: 7 and up
PROJECT TIME: 30 minutes

YOU WILL NEED:
- Scissors

GP2156

INSTRUCTIONS:

1. Begin by covering your work surface with a tablecloth.

2. Lay out the pieces of the kit in front of you.

3. Take a piece of the plastic cord and thread it through the side hole of the strap on the flip flop from front to back. See Figure A.

4. Tie the plastic cord in a knot to secure it in place.

5. String two or three beads, whatever allows, onto the plastic cord.

6. Thread the plastic cord through the next hole down, and back in the third hold. String more beads onto that part of the strap. Continue this process until you work your way around the strap of the flip flop, stringing beads only when the cord is on the top side of the piece (the side with adhesive strips). See Figures B and C.

7. Tie the plastic cord in a knot at the end to secure it to the strap.

8. Match the adhesive side of the flip flop to the green base and bend the strap to insert the long tab through the slot between the toes.

9. Remove adhesive cover paper and press the two pieces together.

10. Take the foam accent pieces and stick them on where desired onto the flip flop.

11. Add glitter glue accents to your flip flop and allow to time to dry.
