INSTRUCTIONS:

1. First plan out your design for your milk carton.

   TIP: It is a good idea to wipe your milk carton radio down with Windex or even better scuffing the surface with sandpaper so the paint sticks easily.

2. Lightly draw out the design onto the radio itself, using the pencil, if you wish.

3. Paint in your design, making sure to clean your brush between using different colors.

4. Allow to dry.

TIPS: Any small item may be glued onto the radio for your personal style. Use a jewel glue for best results. Allow the glue to dry thoroughly before using the radio.

MORE IDEAS...

Additional trims may be added to your radio to create a theme.

Try adding sequins, buttons, beads, glitter feathers, pom poms, ribbons or rickrack.
