2. If needed lightly sand the wood with sandpaper. Wipte off any dust with a damp cloth.

3. Plan a design for your frame. You may trace the design out onto the frame in pencil first before painting it.

4. Choose a paint to start painting with, and paint all the areas you want that color to be.

5. Rinse your paint brush in the container of water, and dry it thoroughly on the paper towel.

6. Choose another color paint, and paint those areas, and so on.

7. Allow time for the frame to dry before handling.

8. When dry, you can slip you picture into the slot of the frame, and attach the dowel to the back of the frame to stand it up.
