Createasaurus (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

AGE GROUP: 4 and up
PROJECT TIME: 45 minutes

YOUR KIT CONTAINS:
- Chipboard Dinosaur Parts
- Glue
- Wiggly eyes
- Sticky Back Foam Sheets
- Green Acrylic Paint
- Brushes
- Tablecloth

YOU WILL NEED:
- Scissors
- Cups of Water
- Paper Towels

NOTE: Depending on the size of your group, kids can work individually or in small groups on this project.

GP3101

PREPARATION INSTRUCTIONS:

Cut eight, 2 x 3” strips pieces out of foam sheets.
Put the remaining foam sheets aside to use as decoration.

EACH PERSON SHOULD HAVE:

- 1 Sheet of Dinosaur Parts
- 1 Brush
- Eight, 2 x 3” Foam Strips
- 2 Wiggly Eyes
- The glue and paint will be shared among the group.

INSTRUCTIONS:

1. Punch out all the dinosaur pieces and paint one side with green paint. Let dry.

2. Flip pieces over and paint other side. Let dry.

TIP: To speed drying time, have an adult dry pieces with a hair dryer.

3. Refer to Figure A to carefully slide on the 3 “spine pieces” to the backbone. You may need to wiggle the pieces on.

NOTE: Figures A, B and C show the pieces unpainted for instructional purposes. We recommend painting all pieces before assembly.

4. Refer to Figure B to slide on the 2 sets of legs onto the backbone. Slide the head through the slot in front as well.

5. Carefully stand the Createasaurus and peel and stick on the 2 x 3” foam strips across the 4 main joints on each side. The strips will stabilize your Createasaurus and hold it together (See Figure C).

6. Brush a little green paint over the foam strips if you want to have the foam blend in.

TIP: You may want to do Step 5 with a partner helping.

7. Glue on the 2 wiggle eyes.

8. Use the remaining foam sheets to cut teeth, eyelashes, feet/claws, scales – whatever you can imagine and peel and stick these onto your Createasaurus! (See finished project, Figure D).
