INSTRUCTIONS

Project Instructions:

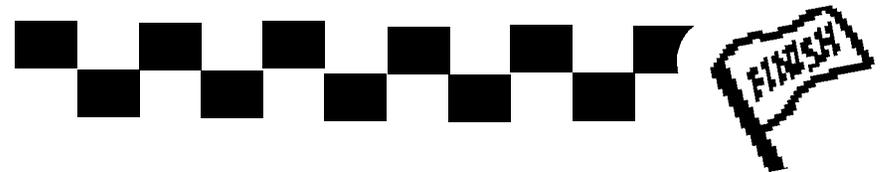

1. Cover the work surface.
2. Fold up the strap of the Flip Flop and secure it in place with the tab in the front center of the Flip Flop.
3. Try on the Flip Flop to see if the size is OK. If not, have an adult cut the foam outer edge, near the back end to shorten the length if necessary. Foam cuts easily with scissors.
4. Add paints, glitters, glitter glue, sequins and other embellishments to the straps of the Flip Flops.

If necessary, allow the sides of the Flip Flops to dry first before painting the top strap.

It is best NOT to paint the foot area, because the paint will rub off on your foot while wearing.

5. Allow the finished Flip Flops to dry completely before wearing.

6. Other embellishments may be glued onto the front, center of the strap, such as silk flowers, buttons, beads or other trims.
7. Clean up any paint brushes immediately after use.
8. Wear and enjoy your new Flip Flops.

GREAT WORK!
