1.1

Perpetual Wood Calendar (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

YOUR KIT CONTAINS:

- Wood Calendar Frames
- Calendars
- Paint
- Brushes
- Tablecloth

AGE GROUP: 8 and up PROJECT TIME: 30 minutes

YOU WILL NEED:

- Container for Water
- Paper Towels

INSTRUCTIONS:

- 1. Paint or stain the wood calendar holder. It is easiest to paint or stain the background color first, and then after it has dried, paint on detail. (See staining instructions below).
- 2. Allow time for your calendar to dry.
- 3. Place the proper month and dates calendar on the front of the group of calendar sheets and slide the whole packet into the slot at the top of the wood frame.

Staining Instructions:

In order to get a stained look to your wood calendar, dilute the paint with water. To start with, use one part paint to one part water. Mix it up and try it on a piece of scrap paper to make sure it is light enough. If not, add more water. Brush some of the stain on the back side of your wood price to test it. The stain may then be quickly wiped off with a dry or damp paper towel, depending on the look you want. Or you can leave all the stain on the wood— your choice. When you have a shade you like, proceed to brush it onto the entire frame. Allow time to dry. You may still paint detail work on top of the stained surface.
